Exhibit 16a

The report by the board of directors according to Ch. 20 § 13 of the Swedish Companies Act

In view of the board of directors' proposal for resolution on reduction of the share capital through redemption of shares, the board of directors of the Company hereby issues the following statement pursuant to Ch. 20 § 13 of the Swedish Companies Act

It follows from the proposal on reduction of the share capital that the board of directors proposes that the Company's share capital shall be reduced by SEK 75,386.73916763220 through redemption of 9,046,406 B shares for allocation to unrestricted equity.

In order to achieve a quick and efficient redemption procedure without the requirement of obtaining the Swedish Companies Registration Office's or a general court's permission, the board of directors has also proposed that the annual general meeting resolves on restoring the Company's share capital to its current amount by increasing the share capital with SEK 80,595.250978632100 by way of a bonus issue without issuance of new shares. The amount is to be transferred from the company's unrestricted equity to the company's share capital.

Through the reduction of the share capital due to the redemption of shares, the Company's share capital is reduced by SEK 75,386.73916763220 and through the bonus issue the Company's share capital is increased by more than this amount. After the implementation of the bonus issue the Company's restricted equity and share capital will therefore be at least the same as before the reduction.

Following completion of the reduction of the share capital and the bonus issue, the total number of outstanding shares in the Company will amount to 219,806,721, divided on 9,000,000 A shares and 210,806,721 B shares.
