

Item 18: Proposal regarding authorization for the board to issue shares, convertibles and/or warrants

The board of directors of the Company proposes that the annual general meeting resolves authorize the board of directors during the period up until the next annual general meeting to, on one or more occasions, resolve to issue B shares, convertibles and/or warrants with right to convert into and subscribe for B shares respectively, with or without preferential rights for the shareholders, in the amount not exceeding ten (10) percent of the total number of shares in the Company at the time when the authorization is used the first time, to be paid in cash, in kind and/or by way of set-off. The purpose for the board to resolve on issuances with deviation from the shareholders preferential rights in accordance with the above is primarily for the purpose to raise new capital to increase flexibility of the Company or in connection with acquisitions. If the board of directors finds it suitable in order to enable delivery of shares in connection with a share issuance as set out above it may be made at a subscription price corresponding to the shares quota value.

In connection with issuances in accordance with the above, the board of directors shall, when determining the number of shares, warrants or convertibles that may be issued pursuant to the authorization, consider and deduct the number of shares the Company holds itself at every given time after any possible reclaim of shares that have been issued in connection with acquisitions.

The board of directors or a person appointed by the board of directors shall be authorized to make such minor adjustments in the above resolution that may be required in connection with the registration with the Swedish Companies Registration Office.

A resolution in accordance with this item is valid only where supported by shareholders holding not less than two-thirds of both the shares voted and of the shares represented at the general meeting.
