Proposed resolutions

Item 2: Election of chair of the meeting

The board of directors of the Company proposes that the Company's general counsel, Ian Gulam, is appointed as chair of the general meeting.

Item 7: Resolution regarding authorization for the board to issue shares

The board of directors of the Company proposes that the extra general meeting resolves to authorize the board of directors during the period up until the next annual general meeting, on one or more occasions, to resolve to issue B shares, without preferential rights for the shareholders to be paid in cash, in kind and/or by way of set-off.

The board of directors may only resolve on a share issue in accordance with the above in connection with the completion of the potential acquisition of Asmodee which was announced through a press release on 15 December 2021, and the number of shares issued may amount to a maximum of the number included in that press release (with potential adjustments depending on the time for completion of the acquisition).

In connection with issuance in accordance with the above, the board of directors shall, when determining the number of shares, warrants or convertibles that may be issued pursuant to the authorization, consider and deduct the number of shares the Company holds itself at every given time after any possible reclaim of shares that have been issued in connection with acquisitions.

The board of directors or a person appointed by the board of directors shall be authorized to make such minor adjustments in the above resolution that may be required in connection with the registration with the Swedish Companies Registration Office.

Item 8: Resolution regarding authorization for the board to issue shares, convertibles and/or warrants

In accordance with the Company's strategy to enable payment with shares in connection with acquisitions or otherwise raise capital to the Company a new authorization of 10 percent is proposed by the board of directors. The authorization corresponds to the authorization resolved on by the annual general meeting held on 16 September 2021. The authorization will also replace the same. The reason for the board of directors to propose a new authorization is that the main part of the current authorization was used in connection with the capital raise announced on 15 December 2021.

In view of the above, the board of directors of the Company proposes that the extra general meeting resolves to authorize the board of directors during the period up until the next annual general meeting to, on one or more occasions, resolve to issue B shares, convertibles and/or warrants with right to convert into and subscribe for B shares respectively, with or without preferential rights for the shareholders, in the amount not exceeding ten (10) percent of the total number of shares in the Company at the time when the authorization is used the first time, to be paid in cash, in kind and/or by way of set-off. The purpose for the board to resolve on issuances with deviation from the shareholders preferential rights in accordance with the above is primarily for the purpose to raise new capital to increase flexibility of the Company or in connection with acquisitions. If the board of directors finds it suitable in order to enable delivery of shares in connection with a share issuance as set out above it may be made at a subscription price corresponding to the shares' quota value.

In connection with issuances in accordance with the above, the board of directors shall, when determining the number of shares, warrants or convertibles that may be issued pursuant to the authorization, consider and deduct the number of shares the Company holds itself at every given time after any possible reclaim of shares that have been issued in connection with acquisitions. This authorization will, following registration at the Swedish Companies Registration Office, replace the authorization resolved upon by the annual general meeting held on 16 September 2021, under which there remains 32,052,854 shares to issue.

The board of directors or a person appointed by the board of directors shall be authorized to make such minor adjustments in the above resolution that may be required in connection with the registration with the Swedish Companies Registration Office.

Majority requirements

A resolution in accordance with item 7 and 8 requires support by shareholders holding not less than two-thirds of both the shares voted and of the shares represented at the general meeting.

Number of shares and votes

The total number of shares in the Company on the date of this notice is 1,015,290,927, of which 66,798,274 are A shares representing 667,982,740 votes and 948,492,653 are B shares representing 948,492,653 votes, whereby the total number of votes is 1,616,475,393. The Company holds no own shares.
