Item 13: Resolution regarding principles for appointment of nomination committee

The nomination committee proposes that the Principles for appointment of nomination committee shall remain the same as the previous instruction, except for the deletion of the following two clauses, which the nomination committee deems as unnecessary given the strict confidentiality requirements that members of the nomination committee are subject to:

After the assignment has terminated, a nomination committee member shall hand over to the chair of the board all confidential materials that the nomination committee member has received in his/her capacity as nomination committee member and still has in his/her possession, including any copies of the materials, to the extent reasonably possible taking into account inter alia technical aspects.

The chair of the nomination committee may make public statements about the work of the nomination committee. No other nomination committee member may make statements to the press or otherwise make public statements regarding the Company and the group unless the chair of the board has given permission thereto.”

Item 14: Presentation and approval of the board of directors' remuneration report

The board of directors proposes that the annual general meeting approves the remuneration report for the financial year 2022/2023.

Item 15: Resolution regarding authorization for the board to issue shares, convertibles and/or warrants

The board of directors of the Company proposes that the annual general meeting resolves authorize the board of directors during the period up until the next annual general meeting to, on one or more occasions, resolve to issue B shares, convertibles and/or warrants with right to convert into and subscribe for B shares respectively, with or without preferential rights for the shareholders, in the amount not exceeding ten (10) percent of the total number of shares in the Company at the time when the authorization is used the first time, to be paid in cash, in kind and/or by way of set-off. The purpose for the board to resolve on issuances with deviation from the shareholders preferential rights in accordance with the above is primarily for the purpose to raise new capital to increase flexibility of the Company or in connection with acquisitions. If the board of directors finds it suitable in order to

enable delivery of shares in connection with a share issuance as set out above it may be made at a subscription price corresponding to the shares quota value.

In connection with issuances in accordance with the above, the board of directors shall, when determining the number of shares, warrants or convertibles that may be issued pursuant to the authorization, consider and deduct the number of shares the Company holds itself at every given time after any possible reclaim of shares that have been issued in connection with acquisitions.

The board of directors or a person appointed by the board of directors shall be authorized to make such minor adjustments in the above resolution that may be required in connection with the registration with the Swedish Companies Registration Office.

Item 16: Resolution regarding authorization for the board to resolve on repurchase of own shares

The board of directors of the Company proposes that the annual general meeting resolves authorize the board of directors during the period up until the next annual general meeting, on one or more occasions, to resolve on repurchase of own B shares on principally the following terms and conditions:

Purchases may be effected on Nasdaq Stockholm.

Purchases may be made up to a maximum number of B shares that the Company's holding of own shares corresponds to no more than one tenth of all shares in the Company.

Purchases of B shares may only be effected on Nasdaq Stockholm within the registered price interval at any given time, i.e., the range between the highest bid price and the lowest offer price. In the event that the acquisitions are effected by a member of the stock exchange as assigned by the Company, the price of own B shares may, however, correspond to the volume weighted average price during the time period within which the B shares were acquired, even if the volume weighted average price on the day of delivery to the Company falls outside the price range. Payment for the B shares shall be made in cash.

The main reason for possible purchases is to give the Company flexibility regarding its equity and thereby optimize the capital structure of the Company. Possible purchases may also enable own shares to be used as payment for, or financing of, acquisitions of companies or assets. In the board of directors' assessment, the authorization provides increased flexibility and may contribute to increased shareholder value.

The board of directors shall have the right to determine other conditions for purchases in accordance with the authorization.

The board of directors or a person appointed by the board of directors shall be authorized to make such minor adjustments in the above resolution that may be required in connection with the execution of the resolution.

Item 17: Resolution regarding authorization for the board to resolve on transfer of own shares

The board of directors of the Company proposes that the annual general meeting resolves to authorize the board of directors during the period up until the next annual general meeting, on one or more occasions, to resolve on transfers of own shares up to the number of shares which, at any time, are held by the Company.

Transfer of own shares may be carried out to be used as payment for, or financing of, acquisitions of companies or assets. Transfer of own shares may be effected otherwise than on Nasdaq Stockholm at an estimated market value or according to agreement with sellers in connection with acquisitions and may deviate from the shareholders' preferential rights. Payment for transferred shares may be made in cash, in kind or through set-off. Transfer of own shares may also be carried out on Nasdaq Stockholm at a price within the registered price range at any given time or otherwise in accordance with applicable regulations.

The board of directors or a person appointed by the board of directors shall be authorized to make such minor adjustments in the above resolution that may be required in connection with the execution of the resolution.

Majority requirements

A resolution in accordance with items 15, 16 and 17 requires support by shareholders holding not less than two-thirds of both the shares voted and of the shares represented at the general meeting.

Number of shares and votes

The total numbers of shares and votes in the Company on the date of this notice are 1,339,436,279, of which 66,798,274 are A shares representing 667,982,740 votes and 1,272,638,005 are B shares representing 1,272,638,005 votes, whereby the total number of votes comprise 1,940,620,745.
